

The Lighthouse - User Guide

Audience: Church staff, coordinators, teachers, pastors, and members who use the app day to day
Last updated: June 2026

PDF: User-Guide.pdf

Welcome

The Lighthouse (LAMP Church Care System) helps your church shepherd people from first visit through discipleship. You can manage people and families, track small groups (clusters), run evangelism and formation programs, schedule events, and more - all in one place.

What you see in the app depends on your role and any module assignments your administrator has given you. If a menu item is missing, you may not have access to that area.

Getting started

Sign in

1. Open the church CMS in your browser.
2. Go to the Login page.
3. Enter your username and password.
4. Click Sign in.

If this is your first login with a temporary password, you will be asked to change your password before continuing.

Forgot your password?

1. Click Forgot password on the login page.
2. Follow the instructions to contact an administrator.
3. An admin can reset your password from your profile or from Admin Settings -> Password Resets.

The main screen

After login you land on the Dashboard. Around the screen you will find:

Area	What it does
Left sidebar	Jump to People, Clusters, Evangelism, Lessons, and o
Top search bar	Find people, families, clusters, events, and more
+ menu	Quick actions (Add Visitor, Submit Report, Create Ev
Bell icon	Notifications (overdue reports, follow-ups, activity
Profile menu	My record, Account settings, Sign out

Dashboard

The dashboard shows key numbers for your church - active members, visitors, baptisms, cluster attendance, NCC progress, upcoming events, and recent activity.

- Cluster coordinators often see a Submit Report shortcut [here](#).
- Cards and numbers respect your branch and access level - you only see data you are allowed to view.

People and families

Directory (People)

Use People in the sidebar to browse the church directory.

- Search and filter by name, branch, role, or status.
- Open a profile to see contact details, role, branch, family links, and the Journey timeline (baptism, cluster attendance, lessons, events, notes, and more).
- Table / Cards toggle changes how the list is displayed.

Who can add or edit people?

Your access	What you can do
Admin or Pastor	Add and edit any person in your scope
Module coordinator (any module)	Add and edit people in your scope
Member (no coordinator assignment)	Add Visitors only; view self and family

Use + -> Add Person or the Add Person button on the People page.

When creating someone who will log in, an admin sets a temporary password. Share username and password securely.

Families

Use People -> Families to manage households.

- Create a family, assign a family leader, and add members.
- Link families to clusters.
- View members who are not yet in a family from the unassigned list.

Clusters (small groups)

Clusters are your church's small groups. Open Clusters in the sidebar.

Tabs

Tab	Purpose
Clusters	View and manage cluster details (members, families,
Reports	Browse submitted weekly reports
Compliance	Oversight view for senior cluster coordinators

Submit a weekly cluster report

Cluster coordinators submit a report after each meeting:

1. Go to Clusters or use Dashboard -> Submit Report / + -> Submit Cluster Report.
2. Select your cluster (if you manage more than one).
3. Enter meeting date, gathering type (Physical / Online / Hybrid), and attendance (members and visitors).

4. Add activities, prayer requests, testimonies, offerings, highlights, and lowlights as needed.

5. Save the report.

Attendance you record is reflected on each person's Journey timeline.

Members and clusters

Regular members can view their own cluster in read-only mode. They cannot edit cluster settings or submit reports unless they have a cluster coordinator assignment.

Evangelism

Open Evangelism for Bible study groups, visitor follow-up, and conversion tracking.

Tabs

Tab	Purpose
Groups	Bible study / evangelism groups (leaders, members, c
Each 1 Reach 1	Annual conversion goals by cluster
Tally	Monthly people tally (Invited, Attended, NCC, Baptiz
Reports	Weekly evangelism reports
Bible Sharers	Which clusters have evangelism facilitators

Common tasks

- Create or update a group - coordinators add leaders, members, and meeting details.
- Track prospects - invited visitors until they attend; mark Attended when they come.
- Record conversions - water baptism and Holy Ghost reception dates update the person's profile and Journey.
- Submit a weekly report - evangelism coordinators use Reports or + -> Submit Evangelism Report.

Lessons (New Converts Course - NCC)

Open Lessons for the seven-lesson New Converts Course and student progress.

Tabs

Tab	Purpose
Lesson Content	Course lessons (read-only for most users)
Student Progress	Who is assigned which lesson and completion status
Session Reports	One-on-one teaching sessions
Commitment Forms	Signed commitment PDFs per student

Typical workflow for teachers / coordinators

1. Assign lessons - Student Progress -> select students -> Assign Lessons.
2. Log a session - Session Reports -> record date, lesson, student, and notes.
3. Track commitment - upload or mark commitment form signatures on the Commitment Forms tab.

Progress moves through: Assigned -> In Progress -> Completed.

Sunday School

Open Sunday School to manage classes by age category.

- Categories - Kids, Teens, Young Adults, etc.
- Classes - teachers, room, meeting time, yearly theme.
- Enrollment - add students individually or in bulk.
- Sessions - schedule classes (including recurring sessions).
- Attendance - tied to calendar events; present / absent / excused.

Teachers see their classes; coordinators see broader class lists and summary stats.

Events

Open Events for the church calendar.

- Switch between calendar and list views.
- Filter by type (e.g. Sunday Service, Doctrinal Class), month, or year.
- Create an event - coordinators use + -> Create Event or the Events page button.
- Take attendance - open an event occurrence and use the attendance panel.

Recurring events (e.g. weekly Sunday Service) generate occurrences you can open individually.

Ministries

Open Ministries to see teams serving in worship, outreach, care, logistics, and more.

- Browse by category and meeting cadence.
- View primary and support coordinators and team members.
- Coordinators can create and update ministry records.

Finance

Finance is available to Admins and Pastors (and finance module coordinators where enabled).

Area	Purpose
Donations	Record gifts with receipt numbers, purpose, and paym
Offerings	Weekly service offerings
Pledges	Track pledges and contributions toward goals

Use date filters on the overview to review giving for a period.

Analytics

Analytics (Admins and Pastors) provides charts and reports on engagement, demographics, baptism milestones, and more. Some sections are still being expanded; Engagement and People tabs have live data.

My record and account settings

My record (/me)

Non-visitor members can open My record from the profile menu to see their own full profile and Journey timeline.

Account settings (/profile)

Update your name, email, photo, and password.

Visitors do not log into the main app - they exist as records for staff to track.

Search and quick actions

Global search

The top search bar finds:

- People and families
- Clusters and events
- Ministries and evangelism groups
- Sunday School classes and prospects

Click a result to open that record.

+ quick actions menu

Available actions depend on your role. Examples:

- Add Visitor
 - Add Person
 - Submit Cluster Report
 - Submit Evangelism Report
 - Create Event
 - Log Lesson Session
-

Notifications

The bell icon shows alerts such as:

- Overdue cluster or evangelism reports
- Password reset requests (admins)
- Follow-up reminders
- Recent activity confirmations

Visitors do not receive in-app notifications.

Tips and troubleshooting

Situation	What to try
Cannot see a sidebar module	Your admin may have disabled it, or you lack access
Cannot edit a person	You may be a plain Member; coordinators and pastors
Cannot submit a cluster report	You need a Cluster module assignment for that cluste
Branch filter is locked	Some roles can only view their own branch's data
Stats cards hidden	Summary stats are limited to coordinators, pastors,
Module missing entirely	Ask an admin to check Admin Settings -> Module Contr

Glossary

Term	Meaning
Branch	A church location or campus
Cluster	A small group / cell group
Journey	Timeline of spiritual milestones and activity on a p
NCC	New Converts Course (seven lessons)
Module coordinator	Extra access assigned per module (e.g. Cluster Coord
Prospect	A visitor invited to evangelism who has not yet atte
Senior coordinator	Module-wide oversight role with broader access
V2B	Visitor to Brethren - conversion pipeline analytics

Need admin help?

Account creation, password resets, and module assignments are handled by Administrators. See the User Management Guide for admin procedures, or the Access Levels Guide to understand what each assignment allows.

For technical issues (site down, login errors), contact your church's system administrator or developer.
